PPWG December Library News

Submitted By: Beverly Weaver

Thirteen recently bound volumes of magazines have been added to the library. Special thanks go to Debbi Holdeman, Sandy Hutton and Doreen McLaughlin for their work in locating back issues of magazines and organizing the library over the last 2 years. Also, thanks to other volunteers for their time and to those of you who have donated money to the library. Future members will be grateful to us for the care we have taken with our collection.

The library inventory list will be on the PPWG web site for members to search for books by author or title. There is also a hardcopy list in the library which is sorted by subject

(weaving, spinning, baskets, etc.) and by author within subject.

As part of the 'stash sale' at the December meeting, we will have some duplicate copies of books and magazines for sale to benefit PPWG. In addition, past newsletters from our guild and other guilds will be available for free. Some of these newsletters have wonderful samples.
