

Vice-President's Notes by Ellen Alderson

Our May meeting book sale was quite successful and well received. We netted about \$350. The unsold fiber books and magazines will be saved for a future sale. The non-fiber materials were donated to the ARC. Thanks to all who donated books, purchased books and helped with the sale. We heard some delightful folk tales related to spinning and weaving from Kathleen Cook followed by a lovely luncheon for those attending at Guiseppe's. What a fine way to conclude our year!

Thinking ahead to next year, see below the suggested list for programs for 2010 - 2011 for the guild. As noted, nothing is "set" until contracts are signed and venues secured. We are also working on some mini-workshops following meetings at the church. More will be detailed as our presenters are secured.

JoAnn Catsos, our program presenter for September, is teaching at this time, but will return home soon so we can detail her program and especially her workshop for our guild. She will also be doing a basket workshop for the Colorado Basket Group as well as program and workshops in Boulder. Watch for descriptions, costs and sign-up details as soon as available. If you were one of our members who expressed interest in JoAnn's "Black Ash Woven Bracelet" workshop, please email me so I can keep a list. Note: this is not a commitment, just an "interested" list! We will also let folks know about the events at the other venues if you would like to participate in any of their programs as well. Since JoAnn will be coming to Colorado in September and most guilds business will be on summer break we will have to inform folks via email.

Have a fun summer. As you head off for Estes Park or Pagosa Springs Wool Markets, Convergence, or other exciting events, keep our guild in mind. If you meet an interesting "fiber person," pick up a business card or inquire if they do programs and/or workshops. Even though we have a nearly full schedule for next year, we can keep a list of possibilities for upcoming years! We met some wonderful folks at Colorado Weavers Day and are hoping to have them do something for Pikes Peak Weavers in the near future.
