Northern Lights News by Jane Rock Costanza

Just a reminder about the Northern Lights bag challenge. Be sure to bring your bags (maximum of 2) to the May meeting. Bags need to have been constructed over the past guild year, and must be constructed of at least 50% handwoven materials and/or from at least 50% handspun material. In April, a very simple form will be placed in the newsletter for the entrants' convenience.

At the February Northern Lights meeting, the topic was bag construction: lined vs. unlined, pockets vs. no pockets, structured bags vs. soft.

Northern Lights meets the 2nd Thursday of each month, 11:00 a.m. to 1: p.m., in the fiber studio at Table Rock Llamas. Thank you, Kris and Val for your continued hospitality.
