December Program Preview

By: Edna DeVai

We are looking forward to an eventful December meeting. Kathleen Orr is going to present What's New! New Products and New Yarns. We are also planning to have a "South of the Border" potluck and a stash sale. The proceeds of the stash sale are going to benefit the Guild

PPWG November Library News

Submitted By: Beverly Weaver

Special thanks go to Karen Currier for donating *Pluck Fluff - Handspun Revolution*, by Lexi Boeger, which can be found with the spinning books.

The inventory list has been printed by category and placed in a notebook in the library. The list will be on the PPWG web site soon. The categories are: Basketry, Dyeing, Index, Knitting, Magazines, Miscellaneous Design, Patterns, Samples, Spinning, Video/CD, and Weaving. Due to lack of space in the library most knitting books were removed, but a few

were retained that were considered to be a good source of design and inspiration.

We have several index volumes, including those for *Handwoven* magazine and *Spin-Off* magazine. If you have a topic of interest, there may be a book and/or a magazine article and possibly even woven samples in our library.

At the December meeting, we will have some duplicate copies of books and magazines for sale to benefit PPWG. In addition, we have past newsletters from our guild and others which will be available for a small donation.
