

October Weaving Sample by Emily Jones

Structure: Summer and Winter, straight and point threading options

Warp: 8/2 light pink unmercerized cotton, 6 1/2 yards, 365 ends

Weft: 8/2 dark pink unmercerized cotton for pattern and 20/2 light pink unmercerized cotton for tabby

Sett: 24epi, 2/dent in a 12-dent reed

Width in reed: 16 inches

Length: Varied due to the diversity of the pattern and use of the Logo, 20-21 inches

Source: Handweaving.net, Bonnie Inouye draft #61261 or #61262

October is Breast Cancer Awareness Month and what a great opportunity to share my pink ribbon towels and my story with the Guild. My daughter, Michelle was diagnosed with breast cancer in July 2009, and is now a one year breast cancer survivor. Michelle and ten of her girlfriends are participating in the Susan G. Komen 3-day 60-mile walk for the cure in Arizona this November. They have all been fundraising since last July to reach the \$2300.00 each entry fee. On my visit in August, I was able to attend an event for all participants explaining what was expected during this 20 mile a day walk. I was very impressed with what I saw.

I met Bonnie Inouye in April 2010, during the Big Twill Workshop presented by RMWG. The subject of breast cancer came up, and Bonnie told me she was asked by an online weaver, who wanted to weave items for fund raising for research on breast cancer, for a pink ribbon draft. Bonnie contributed two ways to weave the logo, each showing Summer and Winter threading options (straight and point profile). That is when I decided to weave towels for Michelle and all the members on her team.

My towels have a few design elements and are very diverse but were woven with lots of love. I am sure they will bring wonderful memories to Michelle and all the participants on her team.
